Sexual Addiction and Trauma:
An Overview of the Behavior and Treatment Process

Wednesday, November 19
1:00 p.m. to 2:30 p.m EST

[CLICK HERE TO REGISTER](#)

About the Instructor:
David Pellack, Ph.D., LPC, CSAT
Dr. David Pellack holds a doctorate from Indiana University Bloomington. He is a Licensed Professional Counselor (LPC), a Certified Sex Addiction Therapist (CSAT), and is trained in Eye Movement Desensitization and Reprocessing (EMDR). Since 2016, Dr. Pellack has been a key member of the Keystone Extended Care Unit (ECU) in the Philadelphia suburbs, a program specializing in the treatment of men's sexual compulsivity, addiction, relationship issues and trauma.

Learning Objectives:

- Understand Development Risk Factors: Explore how sexual addiction develops, including psychological, biological and social influences
- Recognize Symptoms & Warning Signs: Identify the common behavioral and emotional indicators of sexual addiction and related trauma
- Explore the Link to Intimacy Disorders: Describe why sexual addiction is considered an intimacy disorder and its impact on relationships.
- Explore Treatment Options: Review evidence-based treatment approaches, including therapy, support groups and medical interventions.

Description:

This is an in-depth exploration of sexual addiction as a process addiction. The presentation will cover the behavioral patterns, psychological underpinnings and trauma histories often associated with this condition. Attendees will gain insight into assessment tools, intake strategies, and treatment approaches, including 12-step models, trauma-informed care, and therapeutic interventions. Emphasis will be placed on reducing shame, fostering empathy, and understanding the complex interplay of addiction, mental health and early life experiences. The session also highlights the importance of certified sex addiction therapists and provides practical tools for clinicians working with this population.

This webinar takes place on Zoom and is fully interactive. Attendees may ask and answer questions at the end of the presentation and participate in instructor-led discussions.

Registration Information

This is a free webinar.
